OBJECTIVE

Full Stack Developer (Java Spring Boot + React) with hands-on experience building REST APIs. Strong foundation in backend development, database optimization, and modern frontend frameworks. Seeking to contribute to real-world product development while continuously enhancing technical skills.

TECHNICAL SKILLS

Languages: Java, SQL, JavaScript

Backend: Spring Boot, REST APIs, Hibernate, JPA

Frontend: HTML, CSS, Tailwind CSS, React.js

Database: PostgreSQL

Tools: Git, Maven

PROJECTS

Student Management System | Technologies Used Spring Boot | Hibernate | JPA | React | PostgreSQL

- Designed and developed a full-stack Student Management System as part of MCA coursework
- Implemented RESTful APIs using layered architecture (Controller-Service-Repository)
- Integrated PostgreSQL with optimized queries for efficient data handling
- Built responsive frontend using React.js for seamless user experience
- Managed dependencies and build lifecycle using Maven

TRAINING / INTERNSHIP

TD Tech Solutions

12 2025 – Present

Intern

Ahmedabad

- Performed manual testing and API validation for web applications
- Worked closely with developers to understand backend APIs and workflows
- Assisted in debugging issues and validating API responses using tools like Postman

QSpiders

05 2025 – 11 2025

Trainee

Ahmedabad

- Gained in-depth knowledge of Java, Spring Boot, and web technologies
- Built hands-on experience in database management and frontend development
- Learned software testing fundamentals and development workflows

EDUCATION

Masters of Computer Applications

07 2024 - 03 2026

Dr. Subhash School of Computer Application - CGPA - 9.22

Junagadh, Gujarat

Bachelors of Computer Science

08 2021 – 03 2024

Dr. Subhash College of Computer Science - CGPA - 7.81

Junagadh, Gujarat

Higher Secondary Certificate

06 2020 – 05 2021

Shri N. P. Bhalodiya High School - Percentage - 72.14%

Junagadh, Gujarat

ACHIEVEMENTS

- Participated in a 15 days internship of AI/ML and Cybersecurity at MIT AOE, Pune.
- Participated in a 3 weeks AI course called Tech Saksham at college.
- Participated in a CBT (Crowd Beta Testing) to understand Testing aspects.
